

# KOREAN CULTURE I LOVE PRESENTATION CONTEST

**After choosing one of the following:**

1. Student Interpreter: Use Korean for at least 60% of presentation (3-min)
2. Student Ambassador: Use Korean for at least 20% of presentation (1-min)

**Ways to format your 5-minute video presentation:**

1. Plain white background, landscape orientation

2. Props such as a whiteboard may be used, as long as you are visible while presenting.

3. You may use a PowerPoint presentation, as long as you are visible in the video, similar to a Zoom-style presentation.

**\*\*When designing your video, you are more than welcome to be creative. However, since this is a presentation contest where finalist(s) will be speaking in front of judges and guests, we ask that you appear in the video (full video length). A video that only includes formatting or visuals with voice-over audio does not meet this requirement.**
